

# Iceland With Kids

Eric Newman helps families plan vacations to Iceland so that parents and children can see the breathtaking beauty of Iceland, have an amazing trip, and leave with lasting memories.

Eric is the bestselling author of the book "Iceland With Kids." Through his book and web site, IcelandWithKids.com, he provides detailed information to help families plan memorable vacations to Iceland. Eric is certified and an Iceland Specialist from Inspired by Iceland, and he has helped hundreds of families plan amazing Icelandic vacations.

Eric has expertise in every step of the vacation planning process. From getting your cell phone working, to learning how to drive safely in Iceland, to planning an itinerary that is fun but not overwhelming, Eric can guide you through it all. The head of our car rental partner in Iceland said that he is "blown away" by the information Iceland With Kids provides.

Iceland With Kids provides custom itinerary plans, and will soon start offering an in-person tour guide experience!

## Reviews for *Iceland With Kids*:

**T**his fantastic second edition (Feb. 2020) of *Iceland with Kids* by Eric Newman is, without doubt, the best guide to visiting Iceland.

**T**he book is full of practical advice that I do not remember finding in other travel/guide books I read about Iceland.

**W**e purchased (or borrowed) several Iceland guidebooks ... but this was my favorite.
