

# Iceland With Kids

The step by step guide to planning your vacation to Iceland

## Northern Lights pictures and maps!

My map of where the Northern Lights are the most visible. Released under a Creative Commons 4.0 International license.

**Icelandic Met  
Office**

**Aurora forecast from the Icelandic  
Meterological Office:**

<https://en.vedur.is/weather/forecasts/aurora/>

**Some GPS coordinates of dark  
places to see the Northern Lights  
from:**
